

## Congratulations from the AOL Cityguide! You've made the list as one of the best for 2004!

Dear Business Owner and Staff,

Recently, tens of thousands of businesses in a variety of categories were considered by our AOL Cityguide editors for designation as a "City's Best™" establishment. They were chosen based on reputation, editorial coverage, and the feedback we receive from our millions of users.

We are pleased to inform you that your establishment  
has been chosen as one of the best:

### Day Spas in Seattle

Enclosed you'll find a framed City's Best™ award certificate, and a window decal. By displaying these, you can proudly let your customers know you have been recognized as one of the "best of the best" for your excellence!

No other online entertainment guide reaches as many people as we do. The AOL Cityguide is visited by more than 13 million people each month\* searching for the best establishments in their hometown, and in the cities they plan to visit. Our huge audience is twice as large as any other leading service, which means more customers will find their way to your excellent establishment.

So, from all of us at AOL Cityguide...

### Congratulations on being selected as one of the *City's Best™*!

Sincerely,

A handwritten signature in black ink, appearing to read "SRichman", is written over a faint, larger version of the same signature.

Scott Richman  
Vice President, AOL Entertainment  
AOL Cityguide
